Exhibit A – Summary of Work

The H2C Securities, Inc. ("**H2C**") team working with the Debtor consists of Richard Bayman (Managing Director), Drew Orman (Vice President), Hunter Sessions (Senior Analyst), and Josh Blue (Analyst). In the month of December, H2C dedicated approximately 62 hours to the Mercy Iowa City project in several capacities.

In support of the Valuation Scorecard, H2C updated detailed valuations for the joint ventures as we prepare to unwind each of those agreements. This required 25 hours of work. Richard Bayman and Drew Orman spent approximately 5 hours organizing and hosting calls between the joint venture partners and speaking with potential buyers of the MIC minority interest.

Drew Orman, Hunter Sessions, and Josh Blue dedicated a minimum of 12 hours to the management of the Firmex Data Room. This is the platform on which all documentation related to Mercy Iowa City is stored for interested parties to access and conduct diligence. Related activities include engaging in correspondence with Mercy Iowa City management to gather up-to-date Debtor information upon the request of relevant parties, assisting relevant parties in the navigation of the Data Room, and managing entitlements from the appropriate parties.

H2C conducted 1-hour weekly calls with FTI, the representative for the unsecured creditors committee, which accounted for 16 hours in the month of December. On these calls, H2C updated FTI on the status of relevant interested parties, changes or additions to the data room, and any new information pertaining to the bidding process. In addition, H2C spent a total of 4 hours in weekly communication with the Mercy Iowa City operations team and council. These calls covered, but were not limited to, Debtor data collection, updates on the sale process, valuation of the joint venture relationships and owned property, and bidding procedures.
